PRODUCT DATA

CHAIN CLEANER SPRAY

DESCRIPTION

A blend of selected solvents and special additives in an aerosol can to clean dirt and grime from chains in one easy operation.

BENEFITS

- Rubber and plastic friendly.
- Powerful solvent blasts dirt and grime from chains in one easy application.
- Super wetting agent penetrates into difficult to reach chain parts.
- Solvents loosen old oxidised and sticky oils and waxes which can lead to the jamming of chain rollers subsequently increasing wear on sprockets.

TYPICAL SPECIFICATIONS

- | | | |
|------------------|------|-------|
| ● Density @ | 20°C | 0.778 |
| ● Colour | | Clear |
| ● Flash point °C | | >40 |

APPLICATIONS

- Suitable for Transport Recreational Commercial and Industrial chains.

HOW TO USE

- Use directly after bike ride.
- Hold the nozzle about 5 cm from the chain.
- Spray continuously on the chain while turning the back wheel.
- Most dirt and grime are blasted off immediately upon application.
- Allow solvents to penetrate for a few minutes, loosening stubborn dirt and grime.
- Repeat if necessary.
- Chain is clean and ready for new application of lubricant.
