PRODUCT DATA

FG FABRIC GARD SPRAY

DESCRIPTION

This easy to apply clear solvent contains an invisible unique coating to enhance textile durability. UV resistance, and water proof qualities pushing the water repellence and non-stain limits for all types of textiles

COMPOSITION

A unique alkylpolysiloxane silicone compound dispersed in a quick drying plastic friendly solvent.

BENEFITS

- * Water repellency
- * Impacts soft feel satin/silk texture
- * Improves breathability of textiles
- * Reduces colour fade
- * Quick drying
- * Good laundry detergent washing resistance
- * Lasts at least 12 + hot washes without compromising performance.
- * Outstanding user comfort
- * Prevents frost damage to garments, shoes and tents at sub zero temperatures.
- * Excellent elasticity for real comfort
- * Low water uptake keeps garments light.

APPLICATION

- * Swimming costumes
- * Sports rain wear
- * Tents
- * Running / hiking shoes (tackies-tennis shoes)
- Sand shoes - plimsoils-canvas shoes)
- * Golf bags
- * Awnings
- * Outdoor cushions, canvas chairs
