PRODUCT DATA

LEATHER CARE

DESCRIPTION

- A tan coloured emulsion of leather treatment oils surfactant and natural wax to feed soften and shine finished leather goods.
- This super concentrated formula leaves a protective coating that repels water and dirt.
- Scuff marks and scratches are hidden by a deposited protective film that replenishes the leather to make it look new again.

PROPERTIES AND BENEFITS

- Restores the natural feel of leather.
- Removes stubborn stains and dirt.
- The natural beauty of leather is enhanced by especially developed hi-tech polyethylene wax combined with natural ultra water resistant vegetable waxes from the tropics to maintain the leather and protect it from the wear and tear of daily use.
- Cleans and lifts dirt and grime and hides scratch marks and scuff marks.
- Feeds natural oils and brings back the supple feel of new leather.
- Dries to a bright gloss that resists abrasion and scuff resistance with excellent buff ability.
- Excellent durability and resistance to marking.
- Cleans and shines in one operation.
- Does not affect plastics rubber and paint.
